E. SASSONE

Via Castellero 12, 14013 Monale - Italy
tel. +39 0141 669691 - info@esassone.com

Complete clutch kits, pressure plates, clutch discs, hydraulic bearings, torsion dampers, brake discs, release bearings

Leader in the clutch business, **E. SASSONE** owes its success to a worldwide distribution strategy and being customer focused.

To meet its customers' requirements,
E. SASSONE:

- Innovates in new products with enhanced functions.
- Adapts its products to the new automobile technologies.
- Takes the environment into account when designing and manufacturing products.

Uses quality tools and design and qualification methods resulting from the continual improvement processes in the automobile and agricultural industries.

Do you want to develop an idea, solve a problem?

E. SASSONE is ready to innovate, design, develop to make your project successful.

E. SASSONE also offers an international presence to its customers in terms of both logistics and technical support.

Frizione 2780

Codice	2780
Descrizione	(B11) - Clutch disc with 4 springs damper D=123 mm B11-P

Dimensioni	200x137x3,2
Splines	18,3x20,7x ev
Z	24

Frizione 2780 Applicazioni

A very high quality and competitive range.
A culture of innovation, technical support, planning
development programs and a high-performance marketing
media complete **E. SASSONE** 's strategy.

World clutches market leader, **E. SASSONE** is a top light supplier
of automobile manufacturers and has developed a specific range
for special application for racing and earthmovers machinery.

A team dedicated to the global market ensuring
customer support and distribution of all **E. SASSONE** clutches
necessary for the maintenance of all types of machinery.

The **E. SASSONE** Quality, Health, Safety and Environment strategy is based on respect for man and his environment, to meet its customers' expectations. This improves **E. SASSONE** 's overall performance and aims to achieve zero error, zero quality incidents, zero accidents and to minimize the environmental impacts of our various activities, products and services, from the design phase onwards.

E. SASSONE adheres to current regulations, guarantees categorical compliance with standard examinations and the compliance of its instruments to the regulatory requirements for instruments, meets customer's requirements and all other standard requirements. To do this, **E. SASSONE** develops and implements a specific action plan with continuous improvement objectives.
